I was thinking of the interval $(0,1)$ and its complement and wondered about a bijection from \mathbb{R} to $\mathbb{R} \setminus \{0,1\}$. I was thinking of $x \mapsto (x,0)$ and $x \mapsto (x,1)$ and since it was only one bijection, the map was onto. I was wondering, can anyone see where my thinking went wrong? A: You can't, this map isn't injective, try the example: $0.25+0.25=0.5$ but $0.25+0.25 \neq 0.5+0.5=1$ Q: How to display information from the database on a specific time? I'm trying to display information from my database using PHP. The data must be displayed on a specific time, which is now +00:00. I don't know how to do this, my code is: login = 'root'; \$user->password = ''; \$connection = new mysqli('localhost','root', '', 'clock'); if(\$connection->connect_errno > 0){ die("Failed to

Constipation is a common, annoying, and persistent chronic symptom. Treatment with laxatives is an unpleasant, less than satisfactory, and frequently unsuccessful measure, and standard medical management is usually not successful. A clinical trial of a single high dose of a probiotic strain of lactobacillus is described. Consecutive consenting subjects were given a high-dose oral probiotic and followed up for two weeks. Efficacy was evaluated by assessing the frequency of bowel movements and by using a non-invasive instrument for measuring intestinal motility, the Baseline Incontinence score (BIS). A significant improvement was shown in both groups for bowel movements at 7 days (2.0 to 0.3) and at 14 days (3.0 to 1.4) post-administration. The BIS also showed a significant decrease in frequency (8.3 to 2.5) at 14 days after intervention. No adverse effects were reported. It is concluded that this is a promising method of treatment of constipation in elderly and other groups of patients and is well-tolerated.Q: Fatal error: Call to undefined function: wp_admin_mock_auth() I am trying to install this plugin in my site on wamp CODE : When i ran the command C:\xampp\htdocs>php../wp-advanced-plugin.php I am getting this error Fatal error: Call to undefined function: wp_admin_mock_auth() in C:\xampp\htdocs\site3\wp-advanced-plugin.php
